- SIAM Journal of Imaging Science
- SIAM Journal on Matrix Analysis and Applications

Database Updates

Web of Science will now require users to always log in with their UANetID and password before allowing access, even when on campus. This change is being implemented to allow UL to collect more comprehensive statistics and better understand how this expensive resource is being utilized.

PubMed is rolling out updates to their platform which will soon become permanent changes. Users should experience no changes in access. More details can be found at the [PubMed website](#).

The ACM Digital Library has launched a new platform interface. Users should experience no changes in access. The California Digital Library has a [detailed post](#) about the changes and enhancements.

The following databases have been canceled:

- Anthrosource, access ending 1/1/20
- Orlando, access ending 2/3/20

E-book Updates

UL will no longer automatically receive new ebooks from MIT Press and University of California Press. These publishers are no longer part of our

OhioLINK ebook package titled University Press Scholarship Online. (Note: We can still purchase these titles individually by faculty request.)
