This Article is brought to you for free and open access by University Libraries at IdeaExchange@Uakron, the institutional repository of The University of Akron in Akron, Ohio, USA. It has been accepted for inclusion in Electronic Resources Quarterly Updates by an authorized administrator of IdeaExchange@Uakron. For more information, please contact [mjon@uakron.edu](mailto:mjon@uakron.edu), [uapress@uakron.edu](mailto:uapress@uakron.edu).

## Collections and Electronic Resources Updates – 2022 Q4

The following information contains updates to the University Libraries (UL) collections and electronic resources for the 4th quarter of 2022. We are providing this information to update you about resources you are gaining or losing access to in the collection. We plan to publish collections and electronic resource changes quarterly to keep the campus community updated. Below you will also find information about significant projects and changes related to collections and electronic resources. Past and future updates can be found at <https://ideaexchange.uakron.edu/erupdates/>

### Additions

#### Journals

UL continues to expand its read and publish deals. Through OhioLINK, UL has entered into a read and publish deal with IOP (Institute of Physics) which covers physics, materials science, biosciences, astronomy and astrophysics, environmental sciences, and mathematics. The upgrade, starting January 1, 2023 through December 31, 2025, expands Electronic Journal Center (EJC) access to all 72 IOP journals, adding open-access publishing benefits for authors.

To assist in tracking our increasing Open Access Publishing deals, UL has created an [Open Access Publishing Library Guide](#). This guide lists our deals with IOP, Wiley, Cambridge, and the Company of Biologists and directs you to FAQs for each publisher. For any additional questions, please contact [mmcgurr1@uakron.edu](mailto:mmcgurr1@uakron.edu).

#### E-books

**The Governor's Emergency Education Relief (GEER)** collections are now available. As a reminder, here is what is available and the access levels.

Resource	Description	Availability; access
Routledge Handbooks from Taylor & Francis	Approximately 2700 e-books to support a broad curriculum: humanities, social sciences, science & technology, and more.	Perpetual access
Elsevier Evidence-Based Selection (EBS) e-books	Access for 12 months to e-books (published 2012-2022) and e-textbooks (published through 2023) in subjects relating to science, social science, medicine, and engineering.  Evidence-Based Selection (EBS): In November 2023, purchase of selected high-use titles with perpetual access.	12 months of access to the full pool of content  Perpetual access to titles selected for purchase at end of 12 months
University Press e-books from De Gruyter	Perpetual access to 2023 frontlist e-books from Columbia, Harvard, California, Stanford, Toronto, and University of Pennsylvania university presses.  Additional leased access to backfile content from these presses as well as Rutgers and Penn State university presses.	Perpetual access to 2023 frontlist purchased titles  Access to additional leased backfile content 12/1/2022 – 12/31/2023

	Supports broad curriculum for sciences, humanities, business, technology, medicine, law, and more.	
SAGE Video Counseling & Psychotherapy Collection & expanded EJC title access	480 streaming videos in mental health, counseling & psychotherapy.  In addition, 47 Sage journal titles will be added to OhioLINK's Electronic Journal Center (EJC) package.	Perpetual access to videos  Perpetual access for e-journals starts January 1, 2023

## Cancellations

While UL continues to work hard on cost control and budget management, some cancellations are still necessary at this time for us to be able to meet all of our commitments.

University Libraries will provide as much notice as possible when resources are to be discontinued in an effort to lessen disruption to our users. Reductions to library collections will continue to be shared via Digest updates and directly with departments. Additionally, University Libraries provides and archives a quarterly update of resource changes (this report) via [IdeaExchange@UAkron](mailto:IdeaExchange@UAkron).

**JoVE Core Science Videos and Lab Manual Access Ended December 31<sup>st</sup>, 2022.** In 2021, OhioLINK was awarded GEER funds through the Ohio Department of Higher Education to support the education community during the public health emergency. The Jove subscription included two years of access, from 1/1/2021 – 12/31/2022.

Because UL formerly subscribed to JoVE independently of OhioLINK, **UL retains the following access to JoVE video content perpetually.**

Bioengineering	2013-2020
Biology	2013-2020
Engineering	2013-2016
Immunology	2013-2017
Medicine	2013-2016
Neuroscience	2013-2016

## Resource Notes and Updates

### SciFinder-N Platform

CAS SciFinder is changing. If you have not yet migrated from classic SciFinder to SciFinder-n, please be aware that access to classic SciFinder ends on December 31, 2022. Find the link to the SciFinder-n interface on the [library website](#). Here are links to SciFinder-n [training materials](#) and instructions on how to [migrate your saved answers and alerts](#). If you are already using SciFinder-n, then no action is required (an easy way to tell is if the URL you use has 'scifinder-n' in it). If you have any questions or concerns, please email [eservices-contact@uakron.edu](mailto:eservices-contact@uakron.edu).

### OhioLINK Electronic Journal Center Changes for 2023

OhioLINK has shared a [spreadsheet](#) of what journals are moving in and out of their Electronic Journal Center for 2023. This spreadsheet also includes the new journals coming into the EJC from Sage and IOP in separate tabs.

### We need your feedback!

Please consider providing feedback to the UL Librarians about resources that are important to your learning, teaching, and research efforts. Your feedback helps UL be as effective as possible in deploying our resources towards high impact information resources for students and faculty.

### Have questions or comments about collections?

Please submit questions or comments related to collections to Melanie McGurr [mmcgurr1@uakron.edu](mailto:mmcgurr1@uakron.edu) / (330-972-5390), Associate Dean, Technical Services.

### Having problems with e-resources?

Please submit questions or concerns related to electronic resources via our [contact form](#). Be sure to select "Accessing Electronic Resources" as your question on the form.
