

First in my Family to Graduate College

Heather N. Scott Rep.

I am a proud graduate of The University of Akron (1994). I have always appreciated the efforts UA makes to cater to commuter students, which was very important to me during my college years. The education, the instruction, and the discipline I learned at UA have helped me be successful as a professional, a small business owner, and now as a member of the Idaho State House of Representatives. I was the first in my family to graduate college.
