

### **A Forever Zips Family**

*Andrea M. Ferraro*

The Ferraro family, comprised of parents John and Mary as well as daughters Rita, Andrea, and Martina, are a Forever Zips Family. Among the five members, they share eleven degrees from The University of Akron encompassing every decade from 1960 to 2010 (excluding the 2000 decade).

In addition, two members of the family worked for the University. Andrea taught as an adjunct in the School of Communications before becoming a fulltime faculty member from 2009 to 2015, and Martina was an assistant director of admissions for the University from 1990 to 1996. The Ferraros are proud of their UA affiliation and will be forever Zips!
