1978-79, No. 5 (10 pages)

February 7, 1979

FOUNDERS DAY, WEDNESDAY, FEBRUARY 14, 1979

The 97th annual Founders Day will be observed with the traditional Wreath Ceremony in the Foyer of Gardner Student Center at 11 a. m., followed by the Faculty Educational Conference at 2 p. m. in John S. Knight Auditorium. The theme of the afternoon program will be "Cognitive Learning Processes". Dr. Jack Lochhead, Director, Cognitive Development Project, University of Massachusetts, will speak on "Using the Disciplines to Develop Basic Reasoning Abilities" and then lead a discussion and practice session. The customary faculty/staff luncheon will be served in the Hilltop Dining Room from 11:30 a. m. to 1 p. m. Classes will be dismissed only between 12 noon and 4 p. m.

IN MEMORIAM

The University family was saddened by the untimely death on February 2, 1979 of Dr. Thomas Sumner, Academic Counselor, Professor of Chemistry and former Dean. Dr. Sumner joined the faculty in September 1950 as Instructor in Chemistry, with a Ph.D. from Yale, becoming Assistant Professor in 1951. He was promoted the following year to Associate Professor and Acting Head of the Department of Chemistry, Head in 1954, and Professor in 1955. He served as Dean of Buchtel College from 1960 to 1962 when he became Dean of the General College, continuing in that position until 1977. Since then he has been on special assignment in the Center for Environmental Studies. For many years he was a leader in innovative academic and high school recruitment programs. He was active in professional chemistry societies and belonged to Phi Beta Kappa, Sigma Xi, Omicron Delta Kappa, Lambda Chi Alpha, etc. Dr. Sumner will be remembered warmly for the many contributions he made to the University and will be missed by his many friends and associates who extend their sympathy to his sister and family.

UNIVERSITY DATES

February 1-16	Davis Art Gallery - Graphics by William Wiley; Photographs by Mark Taylor.
February 1-23	Guzzetta Hall Atrium - Photographs by Ruth Orkin.
February 7	President's Open Faculty Forum, Kolbe Theatre, 3:30 p. m.
February 10	Jazz Festival, Thomas Hall, 8:15 p. m.
February 11	Concert by University Chamber Orchestra, Thomas Hall 3 p. m.
February 14	Founders Day.
February 14	Thomas Hall Gold Series presents the Budapest Symphony, 8 p. m.
February 16-17	Ohio Ballet, Thomas Hall, 8:15 p. m.
February 20	Akron Symphony Orchestra and Chorus, Thomas Hall, 8:15 p. m.
February 21	Thomas Hall presents Marcel Marceau, 8:15 p. m.
February 22	Annual meeting of Friends of Hower House, 12 noon, University Club.
February 22	<u>University Council</u> meets in Leigh Hall 307, 3 p. m.
February 27	Tuesday Musical Club presents Jean-Pierre Rampal and Robert Veyron-Lacroix (flute and piano), Thomas Hall, 8:15 p. m.

FACULTY TO BE ON SUMMER 1979 RESEARCH FELLOWSHIPS

The Research (Faculty Projects) Committee, with the approval of the University Board of Trustees, has awarded ten Faculty Summer Research Fellowships from 23 applications distributed among seven Colleges. The list of recipients for Summer 1979 follows:

Dr. Boris Blick, Associate Professor of History
Dr. Victor B. Burke, Assistant Professor of Electrical Engineering
Dr. Vern Harnapp, Assistant Professor of Geography
Dr. Patricia B. Kricos, Assistant Professor of Speech
Dr. Theodore Mackiw, Professor of Modern Languages
Dr. Lawrence T. Martin, Assistant Professor of English
Dr. Dorothy M. Nunn, Associate Professor of Biology
Mr. Jeffrey A. Parness, Assistant Professor of Law
Dr. Frederik N. Smith, Associate Professor of English
Dr. Max S. Willis, Professor of Chemical Engineering

FACULTY TO BE ON PROFESSIONAL LEAVE 1979-80

For the 1979-80 Academic Year:

Mrs. Perri Jane Bomar, Associate Professor of Nursing
Dr. Paul Franks, Professor of Geology
Dr. Peter Gingo, Associate Professor of Mathematics
Dr. Charles Wood, Associate Professor of Education

For the Fall Semester 1979:

Dr. Boris Blick, Associate Professor of History
Dr. Thomas J. Coyne, Professor of Business Economics
Dr. M. Jean Johnston, Associate Professor of Secretarial Science
Dr. Yogendra Malik, Professor of Political Science
Dr. Jonathon S. Rakich, Professor of Management
Dr. Walter Sheppe, Associate Professor of Biology
Dr. Gerard Sweeney, Associate Professor of English

For the Spring Semester 1980:

Dr. J. Thomas Adolph, Associate Professor of Physical Education
Dr. John Bee, Associate Professor of Mass Media-Communication
Dr. Paul Garn, Professor of Chemistry
Dr. Don Gerlach, Professor of History
Dr. William Hendon, Professor of Urban Studies
Dr. Gerald Levin, Professor of English
Dr. Theodore Mackiw, Professor of Modern Languages
Dr. Daniel Nelson, Professor of History
Mr. William A. Neumann, Professor of Art
Dr. Allen Noble, Professor of Geography
Dr. Richard S. Roberts, Professor of Accounting

correction

MRS. LINDA McPHERSON
VICE PRESIDENT & PROVOST

MINUTES OF MEETING OF UNIVERSITY COUNCIL, February 1, 1979

The regular meeting of University Council was called to order by the Chairman, Vice President Noel Leathers, at 3 p.m. on Thursday, February 1, 1979, in Leigh Hall 307.

Fifty-two of the 68 members of Council (including one ex officio, for 1978-79) were present. Those absent with notice were Mr. F. Bradshaw, Dr. T. Brittain, Mr. Donald Burrowbridge (now succeeding Dr. Robert Roberts, on leave, from the College of Engineering), Dr. A. Fatemi, Dr. A. Gent, Miss J. Haspeslagh, Dr. G. Knieter, Miss N. Knight, Mr. J. Monroe, Miss W. Walter, and Mr. W. Wolf. Others absent were Miss L. Ayers, Dr. H. Christman, Mr. R. Kendall, Dr. W. Lehrman and Dr. C. Major.

The Chairman called for consideration of the minutes of the meeting of University Council on December 14, 1978 as printed in The University of Akron Chronicle of January 3, 1979. He noted a typographical error near the bottom of page 7 relative to the Requirements for the B.A. degree with a major in Geology, under Physical and Biological Science Requirement, which should have read "Plus the completion of at least three (not seven) credits from the following sequences of courses".

Dr. Slaughter directed attention to the eighth paragraph on page 4 of the minutes which read "The Ohio Faculty Senate has not met since last March..." and which should have read "...has not met since November 1977..."

Dr. Gerlach asked that the first sentence of the seventh paragraph on page 3, quoting him, be changed to read as follows: "Dr. Gerlach observed that some would argue that courses should be repeatable no matter what the grade; he suggested that in any event repeats of courses be required during fall or summer terms so the University could reap the greatest advantage in state funds from FTE's."

The minutes were then approved as above amended.

The next item on the Agenda was "Remarks of the President". Dr. Guzzetta began his comments by stating his pleasure that 26 professional leaves had been approved for the faculty to be effective during the 1979-80 academic year, and that the high calibre of the 41 proposals was impressive. He commended those recipients who were present, and looked forward to the greater benefit to the University and to the participants as additional members of the faculty petition for selection in succeeding years.

The President then referred to the meeting of the Educational Policy Committee of the Board last week, which, at the request of University Council, had considered the current mandatory retirement policies. Dr. Saslaw, Dr. McGucken and Dr. Durst had been invited to present their views in person, and it had been a very fruitful session. Miss McGovern, chairman of the Educational Policy Committee, had found much of the supporting material brought by the faculty representatives worthy of inclusion in the minutes of the meeting to be distributed to the entire Board of Trustees. Dr. Guzzetta recalled that the procedure of inviting faculty to meet with the Board Committees on occasion has been very beneficial to all, and that in recent years thirty-two members of the faculty have attended special meetings in similar capacities. He considers this kind of interchange a real "plus" and a very useful vehicle for representatives of various segments of the faculty to meet with the Board Committees for their mutual advantage. He praised all the faculty who have been involved to date for their fine presentations and participation with the Trustees, adding that this gave him a sense of pride which many university presidents would envy.

The \$5 million which the Legislature had allocated to the University for property acquisition, he continued, has almost all been committed, and more could be utilized. Some strategic properties,

MINUTES OF MEETING OF UNIVERSITY COUNCIL, 2/1/79, continued

under this plan, are still in negotiation and a few are pending court action which the Board has authorized. After summarizing the current expansion areas, he said that the University hopes to break ground early in April for the new parking deck, which will accommodate 1,268 cars, and next summer to break ground for the Health, Physical Education and Recreation Building. Because of the escalating costs of construction, which are about 1.5 percent higher each month, it is important to get the projects under way expeditiously.

The President concluded by noting that the Governor will present the biennium budget next week, but with the hearings to follow in the Legislature, it will be some time before we will know what the higher education budget will be for 1979-81. Even though our University allocation for 1979-80 is not yet known, we are assuming an increase in line with President Carter's voluntary guidelines and our budget and salary increase distributions for next year are in the planning stage.

Dr. Bruce Holland inquired about the \$500,000 which the University had recently received from the state; and if any possible economies had been realized from the nonscheduling of classes in January this year.

Dr. Guzzetta explained that the formula for state subsidy provided for increased allocations under certain circumstances and the additional \$500,000 came from "over earnings". He said that all the figures are not yet completed concerning the operational costs for January, but much had been saved because outside contractors had not been needed for snow removal nor was there much overtime. He hoped that February would not counteract these savings.

Dean Barker inquired about universities receiving subvention not earned and he wondered whether that practice would continue. Dr. Guzzetta responded that he hoped not but the state subsidy formula will probably provide for a "buffer formula" for such institutions.

Dr. Leathers informed Council that the University was working seriously on the energy conservation problem. Since 1972 although the usage was down 14 percent, and the use per square foot was 48 percent lower, costs had tripled!

Although all the faculty today had received the program in the mail for the 97th annual Founders Day, the Provost urged participation by all at the observance, which this year will be held on Wednesday, February 14, 1979. Dr. Jack Lochhead, Director of the Cognitive Development Project at the University of Massachusetts, will speak at the Faculty Educational Conference at 2 p.m. in John S. Knight Auditorium, and will be introduced informally at a "coffee" for all faculty between 10 and 11 a.m. that morning in the Faculty Lounge.

Continuing with the reports of the Standing Committees, the Chairman called upon Dr. Schultz to speak for the Procedural Committee. The group had met on January 23, he said, to approve the agenda for today's meeting. It had received word from the Board that it might require more than the specified ninety days to consider Council's earlier request for change in the mandatory retirement age. The Procedural Committee had also granted permission to Dr. Beyer to attend today's meeting and to speak on behalf of the proposal of the Department of Mathematics for additional courses in Computer Science, AS-79-6.

On behalf of the Academic Policies, Curriculum and Calendar Committee, Dr. Poston moved that the new courses outlined on AS-79-6 in the Department of Mathematics, and to be effective Summer Session I, 1979, be approved. The motion was seconded.

MINUTES OF MEETING OF UNIVERSITY COUNCIL, 2/1/79, continued

Dean Weyrick cited some of the objections to AS-79-6 which had been raised in the Community and Technical College. These included apparent duplication of courses which had already been successfully offered in the Associate Program for many years. He noted that Buchtel College was offering its courses primarily to train designers and to facilitate transfer to upper degree programs. Dean Weyrick said that when the proposal was considered by the Academic Policies, Curriculum and Calendar Committee, it was pointed out that the essential difference was one of intent and that sometimes apparent duplication is necessary because of different clientele to be served. He added that in evaluating curricular proposals consideration should be given not only to content, but also to intent of integration into specific degree programs.

Miss Young spoke fervently of the ten-year record of successful offering of computer courses in C&T, of the faculty's conscientious updating their material and background.

Dr. Beyer, as Head of the Department of Mathematics, reviewed the history of the Computer Science program, citing the approval by University Council, as recorded in the April 1977 Chronicle of this Certificate Program in Mathematics, implemented in the fall of 1977. Certain courses, such as Fortran and Cobal, were required for the degree, and were at that time offered in the Department of Electrical Engineering. These were then approved later for transfer to the Department of Mathematics. In the transition from the quarter to the semester calendar, these were inadvertently overlooked but are not new now. They are a necessary part of the Computer Science Certificate Program and will be needed for the baccalaureate program in Computer Science which is being completed. Faculty now teaching advanced courses will also teach these presently outlined. For those students pursuing a two-year course, the C&T courses would continue, but the four-year students should have their own program.

In response to Mr. Nolte's query whether the Math Department would be staffed for courses given by Engineering faculty, Dr. Beyer replied that his faculty had already been teaching them.

Dr. Griffin opined that he interpreted Dean Weyrick's comments as not too strong an objection to the Math proposal, and he moved the question. The motion was seconded and carried.

The motion by Dr. Poston to approve the Mathematics proposal AS-79-6 was put to a vote and carried. [These courses are listed in Appendix to these Minutes.]

Speaking for Miss Knight who was ill, Dr. Taylor stated that there was no report from the Faculty Rights and Responsibilities Committee.

The Faculty Well-Being Committee, according to its chairman, Dr. Saslaw, had provided data for the Educational Policy Committee meeting; it was now working on the possibility of tax sheltering the employees contribution to State Retirement Systems; the possibility of payroll deductions for a dental plan (which would not come out of the University medical insurance), which is being discussed with Vice President Duff; the possibility of payroll deductions for liability insurance (of particular interest to faculty in the College of Education, Dean Barker emphasized). The University cannot legally purchase this kind of coverage, the Provost noted, but if a carrier makes a suitable proposal, it might be considered for the faculty payroll deduction. Dr. Gearhart warned of generally poor coverage in this kind of offering. Dr. Leathers also touched on the ramifications of the suggested STRS deduction plan. Mr. Jamison added that this had been mentioned at the meeting of the Faculty Advisory Committee to the Chancellor of the Ohio Board of Regents.

Dr. Schultz spoke of the number of faculty who might want to take advantage of a deferred tax, but who would need to know the legal limits, etc. Dr. Poston's office can supply this information on an individual basis.

MINUTES OF MEETING OF UNIVERSITY COUNCIL, 2/1/79, continued

Mr. Finan, chairman of the Reference Committee, raised the question of the wording in Section 16 of the Faculty Manual, Article B, page 31, on "Guidelines for Promotion, Tenure, Retention and Initial Appointment", declaring that the language was inconsistent in use of "shall" and "should" and suggesting that the Reference Committee might rewrite the section.

Dr. Gerlach moved that the Reference Committee be authorized to change the present wording so as to make it mandatory. Mr. Jamison seconded the motion.

Dr. Poston reminded the Council that this same proposal had been made at the time of consideration of the Guidelines, and the University Council had voted to retain the permissive language.

Dr. Holland wondered if the word "Guidelines" should be replaced by some word like "Procedures", in line with a recent court decision.

Dean Samad, in unusual disagreement with his Law colleague, recalled that this Section 16 provision in the Faculty Manual had originally caused more "heat" than any other section; that it had been the intention of Council to leave this section flexible enough for each College to use its own local interpretation. He said that this had worked to the University's advantage, and the matter should not be reopened. Each College has its own standards. He called for the question, which on vote was approved.

The motion to rewrite Section 16 was put to a vote and failed overwhelmingly.

Dr. Richard Roberts asked if the Faculty Manual was to be updated by the substitution of "semesters" for "quarters". Dr. Leathers said that this has been in process.

As the Akron Faculty Representative on the Faculty Advisory Committee to the Chancellor of the Ohio Board of Regents, Mr. Jamison highlighted several points covered at the meeting on January 23, the summary of which he distributed and which appears in the Appendix to these minutes. He felt that Dr. Edward Q. Moulton, the new Chancellor, made a positive impact at the first meeting, having the advantage of his recent affiliation as an Ohio State Vice President, and his experience as a former faculty member.

Dr. Gerlach referred to the report on the Honors Program which appeared in the January 3, 1979 Chronicle, observing that the University Council was empowered to review its progress. He commended the summary presented by Dr. Lepke, Master of the Program. He asked Council whether the matter should come under its special consideration at this time.

Dr. Leathers stated that the Honors Council has done an outstanding job which has been good for the institution, and has provided excellent advisement and career planning.

Mr. Jamison, who is serving as one of the Honors Preceptors, felt that Dr. Lepke has done a splendid service, and that there is no need to review anything now unless Dr. Gerlach had a special area of concern.

Dr. Noble remembered that his father had two admonitions: Remember that there is no such thing as a free lunch; and if it works, don't fix it!

It was the consensus of Council that the Honors Program didn't need fixing!

Dr. Leathers reminded Council that the next meeting would be February 22, 1979.

The meeting was adjourned at 4:05 p. m.

APPENDIX TO MINUTES OF UNIVERSITY COUNCIL, February 1, 1979

CURRICULUM CHANGES

SCHOOL OF LAW

Pursuant to prior University Council authorization (Minutes, February 19, 1970, page 12 of the Faculty Bulletin, March 5, 1970 issue), I certify that the following course changes have been duly adopted by the Faculty of the School of Law at its October 12, 1978 and December 7, 1978 meetings, effective Summer Session 1979 and thereafter, and are submitted for filing with the University Council Minutes.
Stanley A. Samad, Dean

Add	9200:660	<u>Labor Relations Law in the Public Sector.</u> 3 credits. Collective bargaining in the public (governmental) sector; forming and joining unions; establishing bargaining relationship; duty to bargain; union security arrangements; collective action, impasse resolution and enforcement of collective agreements.
-----	----------	--

Change Credits	9200:652	<u>Land Use Planning.</u> From 2 to 3 credits.
----------------	----------	--

	9200:664	<u>Local Government Law.</u> From 2 to 3 credits.
--	----------	---

Pursuant to prior University Council authorization (Minutes, February 19, 1970, page 12 of the Faculty Bulletin, March 5, 1970 issue), I certify that the following course changes have been duly adopted by the Faculty of the School of Law at its December 7, 1978 meeting, effective the fall 1979 semester and thereafter, and are submitted for filing with the University Council Minutes.
Stanley A. Samad, Dean

Add	9200:670	<u>Seminar in Criminal Process.</u> 2 credits. Prerequisite, 9200:622. Study of the criminal process including the decision to prosecute, grand jury, preliminary hearing, joinder and severance, discovery, plea bargaining, jury trials and double jeopardy.
-----	----------	--

Drop	9200:632	<u>Conflict of Laws II.</u> 2 credits.
------	----------	--

	9200:655	<u>Law Review Internship I.</u> 1 credit.
--	----------	---

Increase Credits	9200:603	<u>Constitutional Law I.</u> From 2 to 3 credits.
	9200:606	<u>Contracts II.</u> From 2 to 3 credits.
	9200:608	<u>Evidence I.</u> From 2 to 3 credits.
	9200:625	<u>Antitrust Law.</u> From 2 to 3 credits.
	9200:630	<u>Admiralty.</u> From 2 to 3 credits.
	9200:631	<u>Conflict of Laws.</u> From 2 to 3 credits.
	9200:635	<u>Creditors' Rights.</u> From 2 to 3 credits.
	9200:637	<u>Equal Opportunity Law.</u> From 2 to 3 credits.
	9200:639	<u>Federal Estate and Gift Taxation.</u> From 2 to 3 credits.
	9200:648	<u>Insurance Law.</u> From 2 to 3 credits.
	9200:671	<u>Securities Regulation.</u> From 2 to 3 credits.
	9200:674	<u>Seminar in Corrections and Prisoners' Remedies.</u> From 2 to 3 credits.
	9200:692	<u>Problems in Trial Advocacy.</u> From 2 to 3 credits.

Reduce Credits	9200:609	<u>Evidence II.</u> From 2 to 1 credit.
	9200:642	<u>Federal Income Taxation II.</u> From 3 to 2 credits.

APPENDIX TO MINUTES OF UNIVERSITY COUNCIL, 2/1/79, continued
CURRICULUM CHANGES, continued

SCHOOL OF LAW, continued

Change Credits, Description	9200:668	<u>Remedies I.</u> From 2 to 3 credits. Equitable remedies, unjust enrichment and restitution; remedies for injuries to tangible property, and economic, dignitary, and personal interests including wrongful death. May be taken independently of 9200:669 <u>Remedies II.</u>
	9200:698	<u>Individual Studies and Research.</u> From 1-3 credits to 2 credits. May be repeated to four credits. With permission of Dean, special problems, projects, or research may be taken for credit under supervision of a member of the faculty. Credit for 9200:656, 657, 658, 666, 696 and 698 not to exceed ten.
Change in Title, Description	9200:656 9200:656	<u>Law Review Internship II.</u> 1 credit. <u>TO</u> <u>Law Review Internship.</u> 1 credit. Prerequisite, completion of first year and invitation predicated upon scholarship or demonstrated writing skills. Citations; preparation of casenote of recent cases; recent case analyses and criticism; correction of casenotes or comments of others ("spading"). Graded Credit/Noncredit. Credit for 9200:656, 657, 658, 666, 696 and 698 not to exceed ten.
Change in Description	9200:657	<u>Law Review Staff.</u> 1 credit. Prerequisite, 656. Preparation of comment or article of publishable quality. May be repeated twice. Graded Credit/Noncredit. Credit for 9200:656, 657, 658, 666, 696 and 698 not to exceed ten.
	9200:658	<u>Law Review Editorial Board.</u> 1 credit. Prerequisite, 657 and election to Editorial Board. One credit per term for service on <u>Akron Law Review</u> Editorial Board; total credits for 656, 657 and 658 not to exceed four credits. Graded Credit/Noncredit. Credit for 9200:656, 657, 658, 666, 696 and 698 not to exceed ten.
	9200:666	<u>Moot Court.</u> 1 credit. Credit for participation by brief writing or written argumentation in National Moot Court, Jessup International, or other approved moot court competitions. Not open to first-year students. May be repeated once. Graded Credit/Noncredit. Credit for 9200:656, 657, 658, 666, 696 and 698 not to exceed ten.
	9200:669	<u>Remedies II.</u> 2 credits. Prerequisite, 668. Disaffirmance and remedies for deception, duress, undue influence, hardship, unconscionability, mistake, breach of contract and nominally unenforceable transactions. Course 9200:668 <u>Remedies I</u> may be taken independently of 9200:669.
	9200:696	<u>Legal Aid.</u> 2 credits. Prerequisites, completion of 28 credits, and permission of clinical director. May be repeated once. Application of legal knowledge to practical problems in supervised public law office contexts. Graded Credit/Noncredit. Credit for 9200:656, 657, 658, 666, 696 and 698 not to exceed ten.

APPENDIX TO MINUTES OF UNIVERSITY COUNCIL, 2/1/79, continued
CURRICULUM CHANGES, continued

The following curriculum changes, in accordance with the Curricula Change Process adopted by University Council on December 12, 1974, have had final approval by the Vice President and Provost, or through specific vote by University Council, all effective September 1979 (unless otherwise noted):

BUCHTEL COLLEGE OF ARTS AND SCIENCES

Department of Mathematics

[AS-79-6] To be effective Summer Session I, 1979.

- Add 3460:201-205 Introduction to Programming Languages. 2 credits each course. An introduction to the syntax and semantics of programming languages: assignment statement and arithmetic, control statements and loops, input/output, subprograms.
- 3460:201 Introduction to Fortran Programming. 2 credits. Prerequisites, 3450:111, 112, 113 or equivalent.
- 3460:202 Introduction to Cobol Programming. 2 credits. Prerequisites, 3450:111, 112, 113 or equivalent and 3460:201.
- 3460:203 Introduction to APL Programming. 2 credits. Prerequisites, 3450:111, 112, 113 or equivalent and 3460:201.
- 3460:204 Introduction to PL/1 Programming. 2 credits. Prerequisites, 3450:111, 112, 113 or equivalent and 3460:201.
- 3460:205 Introduction to ALGOL Programming. 2 credits. Prerequisites, 3450:111, 112, 113 or equivalent and 3460:201.
- 3460:210 Introduction to Computer Concepts. 3 credits. Prerequisite, 3460:201. An introduction to the method of representation of information on a digital computer: character representation, fixed point—floating point numbers; an introduction to computer organization, algorithms and machine language programming; Boolean algebra and computer circuits.
- 3450:327 Introduction to Numerical Methods. 3 credits. Prerequisites, 3460:201 and 3450:115 and 123. An introduction to numerical methods with applications to business, behavioral, and social sciences. Topics to include root finding, interpolation, quadrature and differentiation, numerical linear algebra, optimization. Does not meet major requirements.
- 3460:416/516 Introduction to Data Structures. 3 credits. Prerequisite, 3460:201. An introduction to the standard data structures: stacks, queues, deques, trees, graphs, vectors, arrays and files; searching, sorting.
- 3460:418/518 Introduction to Discrete Structures. 3 credits. Prerequisites, 3450:312 and 4450:206 or 3450:114 and 3460:201. An introduction to a number of structures in algebra that are of particular use to students in computer science. Topics include algorithms and flow chart language, graphs and digraphs, trees, lattices, and codes.

APPENDIX TO MINUTES OF UNIVERSITY COUNCIL, 2/1/79

REPORT OF THE UNIVERSITY OF AKRON REPRESENTATIVE TO THE FACULTY ADVISORY COMMITTEE TO THE CHANCELLOR OF THE OHIO BOARD OF REGENTS—Mr. David Jamison.

Meeting of January 23, 1979

Chancellor Edward Q. Moulton was introduced and made the following general observations about his view of the role of the Chancellor:

Higher education must recognize that it lacks some of the public support which formerly it could count on. For that reason, pressures on available budget dollars will be extreme. It is important, the Chancellor noted, that state colleges and universities be able to show visible evidence that each of us is alert to the need to trim excesses, to show that good is being done, and that, where necessary, we are capable of cleaning our own houses.

Higher education in Ohio is an interconnected system; a loss to any one element or institution is a loss for us all. If one institution seeks to strengthen its own programs or enrollments by draining the resources of another, it is undercutting an important assumption in the state system.

Chancellor Moulton concluded by noting that he intends to be a visible chancellor, one who is going to educate himself to the situation in higher education and be in close touch with the individual institutions.

In response to questions from faculty, Chancellor Moulton made the following points:

1. Open Admission: The opportunity for every high school graduate to pursue a degree is one of the greatest strengths of higher education in Ohio. The Chancellor supports full access to postsecondary education on a systemic basis; that does not preclude a particular institution from considering students by some criteria of selectivity.
2. FTE Subsidy: The Chancellor is not anxious to eliminate FTE as a basis for funding decisions in support of higher education; at the same time he recognizes that it is not very responsive to declining enrollment patterns.
3. Budget: The Chancellor is hopeful about higher education funding recognizing that this biennium is not going to be a time of major increase for anyone.
4. Legislature: The Chancellor views as a positive development the creation of a new Higher Education Subcommittee of the House Education Committee.
5. Enrollment: The Chancellor will be seeking the advice of the University Presidents, the Faculty Advisory Committee, and his other advisory bodies on how the institutions can avoid mutual "throat-cutting" at a time of declining enrollments.

MRS. LINDA WATKINSON
VICE PRESIDENT & PROVOST
