March 22, 1982

## NECROLOGY

Mr. Edward L. Baxter, Assistant Professor of Business Law, passed away unexpectedly on Wednesday, February 17, 1982. A native of Maine, he was buried there and there were no local services. He is survived by his wife. Mr. Baxter had earned his B.A. Degree from Bowdoin College in 1958, the J.D. from Harvard Law School in 1961 and from Boston University the LL.M. in 1962 and the M.A. in 1967. Besides private law practice in Boston, he had taught at the University of South Carolina and the University of Iowa. He was a Phi Beta Kappa and a member of the Bar in Maine and Massachusetts. He joined the faculty of our College of Business Administration in the Department of Finance in 1972 and was granted indefinite tenure in 1979.

Dr. Helen R. Becker, Associate Professor Emeritus of Primary Education, passed away February 28, 1982 following a long illness. She had earned the B.S. Degree in 1937, the M.A. in 1940 from Teachers College, Columbia University, and then the Ed.D. from Columbia in 1949. She came to The University of Akron as an Associate Professor of Primary Education in 1949; was granted indefinite tenure in 1954 and upon retirement in 1968, was given Emeritus recognition. She contributed substantially to the field of Early Childhood Education, Reading and the Language Arts, and worked extensively in the Akron area to develop nursery schools. A native of Pennsylvania, she was returned there for interment. She is survived by two nieces.

## SPRING COMMENCEMENT EXERCISES

Again this year, in May, the University will hold two graduations. The law degrees will be conferred at a 9 a.m. ceremony on Saturday, May 22, 1982, in Thomas Hall, followed by a reception there. The 29th annual Commissioning will take place in the Summit Lounge of the Gardner Student Center at 11:15 a.m. on that Saturday. The 110th annual spring Commencement for all other degree recipients is scheduled for Sunday afternoon, May 23, 1982, at the Coliseum at 2 p.m. The President's traditional Senior Reception will be held in Thomas Hall on Sunday, May 16, from 3 to 5 p.m. Details concerning all of these ceremonies will be announced later.

MINUTES OF MEETING OF UNIVERSITY COUNCIL, March 11, 1982

The regular meeting of the University Council (which had been postponed from March 4, 1982 because of inclement weather) was called to order by the Chairman, Senior Vice President Noel L. Leathers, at 3 p.m. on Thursday, March 11, 1982 in Leigh Hall 307.

Forty-two of the 74 members of Council (including one ex officio for 1981-82) were present. Those absent with notice were: Mr. D. Barr, Dr. J. Bee, Mr. L. Calabrese, Dr. C. Dye, Dr. R. Gandee, Dr. A. Gent, Miss M. Guss, Dr. J. Gwinn, Mr. D. Jenkins, Mr. C. Kirkwood, Mr. A. Leyerle, Dr. I. MacGregor, Mr. K. McCormick, Mrs. E. Politella, Dr. C. Poston, Dr. M. Rainey, Dr. L. Roemer, Dr. W. Rogers, Dr. M. Ruebel and Dr. R. Scavuzzo. Others absent were: Dr. M. Adams, Mr. G. Bandy, Dr. M. Farona, Mrs. M. Gipson, Dr. D. Jackson, Mrs. C. Morgan, Mr. J. Moss, Mr. T. Parks, Miss E. Simms, Miss T. Stambaugh, Mr. J. Takacs and Mr. D. VanDoros.

The Chairman called for consideration of the minutes of the regular meeting of University Council of February 4, 1982 as printed in The University of Akron Chronicle of February 18, 1982. He noted the following corrections to be made: Page 1, this Chronicle should be Issue No. 5 instead of No. 4; Page 6, paragraph 4, line 2, after the words 'credit-by-examination', delete the words or repeating the course, either 'credit-by-examination'; Page 9, paragraph 3, line 4, after the words "from the table", insert Dr. Gerlach again moved that the motion be laid on the table; also on Page 9, paragraph 6, line 6, the word contingent is misspelled; Page 10, paragraph 8, should read: Mrs. Clinefelter reported that instead of reporting for; Page 15, Course Number 3370:436/536 Goal Geology should be Coal Geology.

The Chairman recognized Dr. Prough, who called attention to Page 7, Item I.C. from the Academic Policies, Curriculum and Calendar Committee, Academic Retention-Probation-Suspension Standards for the College of Business Administration. Dr. Prough said the first paragraph, which reads as follows, had been omitted:

At the beginning of each academic term, the Dean shall publish the current conditions for Academic Retention, Probation, and Suspension. The Policy in effect as of Summer Session I, 1982 is as follows:

Dr. Watt said that this paragraph was not considered a part of the policy as such, but a statement published by the Dean each semester in a mechanical way and that the policy as it appears in the minutes was approved by the Academic Policies, Curriculum and Calendar Committee. Since University Council approves policy and this statement was considered an internal mechanical operation of the College of Business Administration, it was not submitted as part of the statement requiring Council approval.

Dr. Gerlach then suggested that on Pages 8 and 9 of the Chronicle which includes four different paragraphs touching upon Student Council's proposals it would be more helpful if a statement had been inserted for each proposal giving a brief description or summation of the contents; having such information in the minutes would make for better record keeping.

The Secretary acknowledged the suggestion and for the record summarized the four proposals as follows: SB 6-81-82 Repeat for Change of Grade Policy—to bring it into accord with that of other state universities; SB 7-81-82 Class Withdrawal Policy—to terminate the policy of listing dropped classes on official transcripts; SB 4-81-82 Class Attendance Policy—to formulate a uniform comprehensive attendance policy; and SB 19-81-82 Grading System Review—to abolish the plus-minus system of grading.

With these changes and corrections noted, the Chairman declared the minutes approved.

MINUTES OF MEETING OF UNIVERSITY COUNCIL, 3/11/82, continued

The next item on the agenda was "Remarks of the President". Dr. Guzzetta greeted the Council and noted that he wanted to bring everyone up to date on the financial situation in the state and how it affects the University. In November, when a budget was finally determined for the year, the University fulfilled its commitment to the faculty by providing for the rest of the salary adjustments which had been withheld pending final approval of a state budget. This was done as of January 15, 1982. Subsequently, and not too long after that action, the state discovered a huge shortage of dollars and the University's appropriation was immediately cut by three percent, which represented over one million dollars.

It was about that time that the new Director of the Office of Budget and Management, Mr. Howard Collier, discovered that the state was over a billion dollars in the red for the next two years. Although at first the legislature questioned the magnitude of this deficit, it was finally determined that the Director was right. At a recent meeting, Mr. Collier advised that in accordance with the prerogative of the Governor, further decreases would be forthcoming; as of March 16, another cut of one percent will be made. This means, as of March 16, we will have four percent gone from our budget, representing over \$1.5 million. Mr. Collier indicated that unless some drastic action is to be taken by the legislature before April, we could expect some rather significant cuts which could double the four percent, taking us to 8.9 percent from our line appropriation. This means approximately \$3,300,000 less than our line item appropriation. It is hoped that the legislators will see the light and recognize the seriousness of the situation. It is also hoped that they will come up with something prior to the end of the year so that we can plan effectively for 1982-83. If the legislature does nothing, it seems likely that our line appropriation for 1982-83 will be less than we have received in the last four years. Obviously, this will mean another increase in student fees. How much, we cannot determine as yet.

Since we are now preparing for the new year, we are being very, very careful in budgeting for equipment and for supplies and services. The financial picture for 1982-83 at the moment does not look good. This will be reported to the Board of Trustees on March 24, but it is hoped that by then something will have happened in Columbus to relieve the situation somewhat. The President assured Council that the administration is very conscious of the dire financial situation and everything possible is being done in the best interests of the faculty and staff at the University. The President appealed to deans and faculty to keep expenditures down and hold to the policy of a selective freeze on replacements of personnel and additional new personnel. He said primary consideration will be given to the academic programs and doing as little as possible to cut into the quality of the programs. Dr. Guzzetta said that if it appears appropriate at that time, he would meet with all of the individual faculties and go through the entire budgetary procedure so that everyone will know precisely where The University of Akron stands, what is being done, and what we might all expect.

Concluding his remarks, the President invited questions. In response, Dr. Stuyvesant referred to an article which appeared in the Akron Beacon Journal on Tuesday, March 9, 1982 wherein The University of Akron was mentioned as a "regional institution". He asked if this means a new mission for the University.

Dr. Guzzetta said it was not the intent to change the mission of the University, but that he never considered The University of Akron as being only for Akron. In many respects the University has been working as a regional institution, more so since the establishment of a branch campus in Wayne County as well as the Medical College, which covers a 17-county area outside of Cuyahoga County. He said this is mainly what he referred to when he used the term and he expected that the institution would continue to play a role beyond just the city of Akron because our programs require that we do just that. He said we are an urban university with an urban mission, but also serving the region.

MINUTES OF MEETING OF UNIVERSITY COUNCIL, 3/11/82, continued

After thanking the President for his presentation, Dr. Leathers proceeded to the next item on the agenda, "Special Announcements". He told Council that Friday, May 7, 1982, the last day of classes this year, has been designated as May Day. As in the past, the 8, 9, 10, and 11 a.m. classes will meet. Student activities are planned for the afternoon, and evening classes (4 p.m. and after) will meet as scheduled.

Turning to the reports of the standing committees, the Chairman called on Mr. John Miller who said that the Procedural Committee met on February 22, 1982 to set the agenda for the March 4 meeting of Council.

Speaking for the Academic Policies, Curriculum and Calendar Committee, Dr. Watt referred to the document dated February 24, 1982, which had been circulated to the members of Council.

The Academic Policies, Curriculum and Calendar Committee had reviewed two petitions from Associated Student Government—Repeating a Course for Change of Grade (SB 6-81-82) and Class Attendance Policy (SB 4-81-82). With regard to the repeat for change of grade policy, Dr. Watt explained the only change being recommended by the Academic Policies, Curriculum and Calendar Committee in this policy is in the first paragraph where the grade of "C-" was inserted. The policy recommended for approval appears below:

In order to secure a grade ("A-F") or a grade of "NC", "CR" or "AUD", a student may repeat a course in which the previously received grade was "C-", "D+", "D", "D-", "F", "AUD", or "NC". Registrations under the "CR/NC" option are subject to the restrictions in the "CR/NC" policy.

The student must repeat the same course within 12 months of the completion of the prior attempt unless given special permission by the student's dean to extend this period or substitute another course if the previous course is no longer offered. Such courses must be repeated at The University of Akron.

Grades for all attempts at a course will appear on the student's official academic record.

Only the grade for the last attempt will be used in the grade-point average.

All grades for attempts at a course will be used in grade-point calculation for the purpose of determining graduation with honors and class standing.

For purposes of this section, credit for this course or its equivalent will apply only once toward meeting degree requirements.

Dr. Watt moved approval of this Repeating a Course for Change of Grade Policy, effective September, 1982. The motion carried.

Dr. Watt presented the second item, Class Attendance Policy, which proposed an amendment to the Statement on Rights and Responsibilities, Part II, Academic Matters, (Student Rights and Responsibilities Statement) paragraph 2 (underlined portion added):

. . . Students should be informed by each instructor at the beginning of each course of the procedures and standards, including class attendance requirements, by which they will be graded. . . .

MINUTES OF MEETING OF UNIVERSITY COUNCIL, 3/11/82, continued

Dr. Watt moved approval of this proposed Class Attendance Policy. The motion carried.

Continuing to curricular changes (all changes are included in the Appendix to these minutes, and will be effective September 1982 unless otherwise indicated), Dr. Watt presented AS-82-02 from the Department of Sociology, explaining that this is a change in requirement in the Ph.D. program in Sociology by substituting one course for another. The old course, Seminar in Urban Processes (3850:656) 3 credits, to be replaced by Urban Sociology (3850:747) 3 credits. He moved approval. The motion carried.

Next, Dr. Watt presented CT-82-07, a proposal from the Business and Office Technology Division to change the current program, Food Service Management, to Hospitality Management, also changing the degree designation. This proposal includes some changes in course titles and credits as well as the addition of four new courses. Dr. Watt moved approval. The motion carried.

Dr. Watt presented CT-82-08 from the Engineering and Science Technology Division, which is basically changes in courses, adding one credit each to three technical courses, taking one course out of the list of those required and changing the number of credit hours for technical electives from nine to five. He moved approval. The motion carried.

Dr. Watt presented CT-82-10 from the Division of Public Service, Fire Science Technology, saying that this is basically the addition of two new courses. He moved approval. The motion carried.

From the College of Fine and Applied Arts, Dr. Watt presented FA-82-04 from the Department of Communicative Disorders. This proposal represents changes in Manual Communication, which is a part of the program approved two years ago, by dropping Manual Communication IV and adding one credit each to Manual Communication I and III. In answer to a question from the Chair, it was explained that "Ameslan" means "American Sign Language". He moved approval of FA-82-04. The motion carried.

Dr. Watt presented FA-82-09, a new option in Theatre Arts and Dance and moved approval.

When the Chairman invited discussion, Dr. Lehrman proposed two changes on Page 19 of the proposal in connection with 7800:474, Acting IV, "Investigation of acting styles as they apply to Shakespeare and Chekhov". Dr. Lehrman said there is always contention between theatre departments and English departments regarding Shakespeare. As a result of his department's deep concern in this matter, Dr. Lehrman contacted members of the Theatre Arts Department, and they agreed to accept the following amendments (underlined):

Course Outline:

I. Analysis of Shakespeare's language with respect to performance

C. The actor's understanding of simile, metaphor, and the juxtaposition of contrasting ideas

Dr. Lehrman moved approval of the amendment, which was seconded and approved.

Dr. Gerlach then referred to FA-82-09 as circulated and voiced his concern regarding an arts degree "even in Fine and Applied Arts", without the foreign language requirement. He said it seemed very odd to him that in this tag degree program a foreign language requirement would not be of some very practical purpose. People on the stage surely come across and would certainly benefit from some familiarity with a language other than their

MINUTES OF MEETING OF UNIVERSITY COUNCIL, 3/11/82, continued

own. Dr. Gerlach said he felt moved to bring this to the attention of Council and to make a motion that for these reasons this proposal be referred back to the college of origin for reconsideration of the foreign language requirement. The motion was seconded. Dr. Gerlach's motion was defeated—13 to 17.

Dr. Leathers returned to the original motion, as amended, still on the floor. With no further discussion on FA-82-09, the motion carried.

Dr. Watt presented FA-82-10 from the Department of Theatre Arts and Dance, explaining that this is another option in the Bachelor of Arts in Theatre Arts Degree, with this option in Design/Technology. He moved its approval. The motion carried.

Dr. Watt moved approval of FA-82-12 from the Department of Theatre Arts and Dance saying this is a change in the title of a degree from Bachelor of Arts in Ballet to Bachelor of Arts in Dance. The motion was approved.

Dr. Watt then moved approval of FA-82-18, explaining that these are changes from the Department of Music with regard to the Master of Music Degree options in performance, composition, theory, music history and literature, and accompanying. Basically, this proposal combines the total credits in the Music Electives and Cognate Electives into one area to be called Electives.

Dr. Stuyvesant called attention to the description for the Music History and Literature option electives and said that the credit hours totaled seven and not eight as indicated. Dr. Watt acknowledged this as an error and assured Dr. Stuyvesant that seven credit hours would be listed in the Bulletin. With this correction, the motion was approved.

Dr. Watt presented FA-82-19 from the Department of Music which he said is another change in the Master of Music option in performance, theory, composition, music history and literature, and accompanying, which changes the current requirement from a total of 32 credits to not less than 34 credits and this has to do with the nature of the thesis research/recital document. He moved approval. The motion carried.

Finally, Dr. Watt presented FA-82-22, another change in the Master's Degree in Music. Basically, this changes a long list of distribution requirements and thesis requirements to a very simple requirement which states that under the thesis option 32 credits for thesis option and 34 credits for the non-thesis option are required. He moved approval. The motion carried.

At the conclusion of his report, Dr. Watt called upon Dean Griffin, who presented a special resolution for Council's approval involving the awarding of a bachelor's degree. In a preamble, Dean Griffin said that normally all degrees are approved at the April meeting of University Council, but the case in question has pressing characteristics. The recipient of the degree is Mr. James D. Oatts, who entered the University as a freshman in January 1922. After completing three and one half years, Mr. Oatts was forced to drop out of the University for financial reasons in the spring of 1925. In 1978 he approached the University to see if it was possible for him to finish his degree. A program was worked out with him and he has now completed all the requirements. Awarding of the degree has been approved by the Buchtel College Council. Dean Griffin moved that Council approve the awarding of the degree to Mr. Oatts, effective April, 1982. The urgency is based on the state of Mr. Oatts' health and his advanced age. The motion was seconded and approved.

Dr. Leathers then presented the resolution as it would be given to President Guzzetta for transmittal to the Board of Trustees:

MINUTES OF MEETING OF UNIVERSITY COUNCIL, 3/11/82, continued

Upon the recommendation of Dean Claibourne E. Griffin and with the approval of the Buchtel College Council, a resolution was unanimously approved by University Council on March 11, 1982 recommending to the President of the University and the Board of Trustees that Mr. James D. Oatts, who has completed all the requirements, be awarded a Bachelor of Arts Degree. The University Council further resolved that this degree be awarded by the President on April 10, 1982 at an alumni meeting in Fort Lauderdale, Florida, conditionally, upon formal approval by the University Board of Trustees.

Continuing with the reports of the standing committees, Dean Barker said the Athletics Committee met on March 1, 1982, with the main topic of discussion being the activities of the subcommittee which had been appointed (for the first time in the history of the Athletics Committee) to deal with the rather difficult situation pertaining to women's basketball. He commended Mr. Litka who chaired the subcommittee for doing a very creditable job under very difficult circumstances. Dean Barker said there was also a meeting with Mr. Baldwin, Dr. Leathers and others on March 10 to discuss the new physical education building, which will include ten academic classrooms.

Speaking for the Campus Facilities Planning Committee, Dr. Timmerman said the Committee met on March 10, with the main item for discussion being the revised capital improvements budget list for 1983-88. He said the General Assembly for some reason decided they would rather have the bienniums on the even years rather than the odd years, which requires submitting a single year's requests in order to get back on the even-year cycle. This was very short notice for the University and meant just a couple of weeks in which to complete the entire five-year plan. Despite the budget problems of the state, there is a request for a one-year emergency appropriation for 1983-84 in the amount of \$1,350,000; for the 1984-86 biennium \$28,350,000; for the 1986-88 biennium \$11,200,000. He said their next meeting would be with the University Architect and some Planning Department personnel to discuss faculty input in the future planning, which should be considered in terms of capital improvements.

There was no report from the Faculty Rights and Responsibilities Committee.

Although Mrs. Clinefelter was present, the Chairman announced no report from the Faculty Well-Being Committee.

Dr. Byrne, reporting for the Library and Learning Resources Committee, said his Committee met on March 2, 1982 and after some discussion, decided to recommend that each department examine its complete serial holdings and develop a rationale for each holding. This would be done continuously over a three-year cycle, on a form to be developed by the Library.

Dr. Leathers thanked Dr. Byrne for his report, adding that this is a very difficult area with which to deal. He said the Budget Committee is attempting to deal with the constant increase in the cost of serial publications without harming any of the academic programs. He added that this is something that must be considered in our planning and he feels the way in which the Library and Learning Resources Committee is addressing the problem is the best way.

There was no report from the Reference Committee.

In Dean Gent's absence, Dr. Leathers read the report from the Research (Faculty Projects) Committee as follows:

MINUTES OF MEETING OF UNIVERSITY COUNCIL, 3/11/82, continued

The Research (Faculty Projects) Committee met on February 22 and 23, 1982 to review forty research proposals. Although somewhat more than half of them were judged to be worthy of support, according to criteria used previously, the limited amount of funds available to the Committee made it necessary for them to be extremely selective on this occasion. Twelve proposals were recommended for funding, for a total amount of \$22,250.

Dean Hansford had no report from the Student Affairs Committee.

Dr. Sherman Vander Ark, the Akron representative on the Faculty Advisory Committee to the Chancellor of the Ohio Board of Regents, said there was no meeting during the month of February, but a meeting was held March 10, on which he was prepared to give a brief verbal report. (The detailed report is in the Appendix to these minutes.) Dr. Vander Ark said the Chancellor spent one hour of a ninety-minute meeting dealing with the financial crisis in a manner which needs no more elucidation; our President gave a very good, forthright report. The Chancellor did make one comment, however, and that was that faculty should be aware that if institutions do not make budget cuts, the State Legislature, or the Ohio Board of Regents will.

In addition, the Chancellor indicated that the Master Plan Draft has been released. There is a copy of this document in Bierce Library. A meeting regarding the Master Plan for Higher Education will be held at 1:30 p.m. on Monday, March 22, 1982 in the Board of Regents main conference room, 36th Floor, State Office Tower, 30 East Broad Street, Columbus. Written and oral comments are welcome at the public hearing from those persons or organizations having a special interest in Ohio's system of colleges and universities. The Chancellor asked that this information be circulated, but he apparently does not anticipate a large turnout; the room will seat approximately thirty-five people at the most.

Answering a question about whether or not the Board of Regents had declared a state of financial exigency, Dr. Leathers replied that the Board of Regents had declared that, in its opinion, the conditions that would justify a state of financial exigency existed.

Dr. Vander Ark added that after the last Council meeting, he passed out copies of Dr. Moulton's statement so the matter would be made clear. He said the Chancellor just wanted to clarify his own position on the state of financial exigency.

At the conclusion of his report, Dr. Vander Ark requested permission to add a few comments of his own. He said he wanted Council to know that the President was most accurate in his statement today and that The University of Akron has a very optimal position in terms of the state and the other universities therein. In Dr. Vander Ark's opinion the meeting on March 10 drew a lot of faculty input from the other universities, and revealed that The University of Akron is doing very well in all of its academic programs. Dr. Vander Ark said that this is due to the exceptionally qualified and talented leadership of Dr. Guzzetta and Dr. Leathers. Their fiscal and administrative management during this time of financial crisis deserves solid support of their policies, and all of you deserve solid support for your efforts in keeping the academic programs going.

Dr. Leathers discussed briefly some of the areas in which the University is trying to cut expenses, touching on travel and communications as examples, and said plans are already underway in his area to remove some of the more expensive, unnecessary telephone systems now in use. He said we should have an interesting year and an interesting biennium, but feels sure that we will pull through and the hardships we suffer will be minor.

There being no old nor new business, the motion was made and seconded that the meeting adjourn at 4:15 p.m.

APPENDIX TO MINUTES OF UNIVERSITY COUNCIL, 3/11/82

CURRICULUM CHANGES

SCHOOL OF LAW

Pursuant to prior University Council authorization (Minutes, February 19, 1970, page 12 of the Faculty Bulletin, March 4, 1970 issue), I certify that the following course changes have been duly adopted by the Faculty of the School of Law at its February 11, 1982 meeting, to be effective Fall Semester 1982 and thereafter.

—Donald M. Jenkins, Dean  
School of Law

LS-82-03

Credits 9200:678 Seminar in Jurisprudence. 2 credits. TO 3 credits.

# # # # #

The following curriculum changes, in accordance with the Curricula Change Process adopted by University Council on December 12, 1974, have had final approval by the Senior Vice President and Provost, or through specific vote by University Council, all effective September ~~1981~~ <sup>1982</sup> (unless otherwise noted):

BUCHTEL COLLEGE OF ARTS AND SCIENCES

(AS-82-02)

Requirements Change Doctor of Philosophy Degree requirements as follows:

Drop: 3850:656 Seminar in Urban Processes. 3 credits.  
Add: 3850:747 Urban Sociology. 3 credits.

(AS-82-12)

Title, 3250:201 Principles of Economics. 3 credits. TO  
Description 3250:201 Principles of Macroeconomics. 3 credits. Study of the economic factors which, in aggregate, affect the price level, national income, employment, and economic growth. No credit awarded to a student who has received credit in 244.

Title, 3250:202 Principles of Economics. 3 credits. TO  
Description 3250:202 Principles of Microeconomics. 3 credits. Analysis of decision-making on the part of the firm and household, and the market processes affecting price, output and resource allocation. No credit to a student who has received credit in 244.

COLLEGE OF ENGINEERING

(EN-82-03)

Title, 4200:699 Masters Research. 1-6 credits. (May be repeated). TO  
Credits 4200:699 Masters Thesis. 1-6 credits. (May be repeated to a maximum of 6 credits.)

(EN-82-04)

Number, 4600:440 Control Systems. 3 credits. TO  
Prerequisite 4600:440/540 Control Systems. 3 credits. Prerequisite: 315, 431 or permission.

Add 4600:650 Tribology. 3 credits. Fundamentals of friction lubrication and wear are treated which include basic theory, advanced topics and applications to bearings, seals, gears and cams. Specific topics include adhesive and abrasive friction/wear, boundary lubrication, fluid film lubrication and bearings, rolling element bearings and bearing dynamics.

APPENDIX TO MINUTES OF UNIVERSITY COUNCIL, 3/11/82

CURRICULUM CHANGES

COLLEGE OF EDUCATION

(ED-82-08)

Title,	5600:655	<u>Family Counseling.</u> 3 credits. <u>TO</u>
Prerequisite,	5600:655	<u>Introduction to Marriage and Family Therapy.</u> 3 credits. An
Description		overview of the field of marital and family therapy, including
		exposure to the history, terminology, and contributions of
		significant persons in the field.

Add	5600:667	<u>Marital Therapy.</u> 3 credits. Prerequisite: 655. An in-depth
		study of theories and interventions which focus on the nature
		and quality of marital relationships.

Add	5600:669	<u>Systems Theory in Family Therapy.</u> 3 credits. Prerequisite: 655.
		An in-depth exploration of systems theory in family therapy.
		Major assumptions of systems theory will be examined and the
		implications for interventions will be explored.

(ED-82-09)

Add	5610:458/558	<u>Interdisciplinary Programming for MSPR Individuals.</u>
		3 credits. Prerequisite: Permission of instructor. A study
		of the programs, interdisciplinary services and educational
		techniques designed to accommodate the needs of MSPR
		multiply handicapped individuals.

Add	5610:460/560	<u>Working with Parents of MSPR Individuals.</u> 3 credits.
		Prerequisite: Permission of instructor. This course
		provides the student with the competencies to facilitate
		working with parents to improve school and home adjustment
		of MSPR individuals.

(ED-82-11)

Add	5550:609	<u>Motivational Aspects of Physical Activity.</u> 3 credits.
		Analysis of factors influencing motivation of motor performance
		with emphasis on competition, audience effects, and aggression.

COLLEGE OF FINE AND APPLIED ARTS

(FA-82-04)

CURRICULUM CHANGES

GENERAL COLLEGE (continued)

(GC-80-03)

- |     |          |  |
|-----|----------|--|
| Add | 1830:602 | <u>Evaluation of Environmental Data.</u> 3 credits. Prerequisite: Graduate standing, minimum of one year of chemistry and physics and/or job experience or coursework in chemical engineering. A review of environmental testing techniques in current use, with emphasis on their interpretation and limitations.   |
| Add | 1830:661 | <u>Graduate Seminar in Environmental Studies.</u> 3 credits. Prerequisite: graduate standing. Explores topics of current environmental concerns. The format will emphasize the presentation of oral and written reports by graduate students and subsequent student-faculty dialogue. Examples could be the environmental impact of nuclear power station or hazardous waste disposal. |

TRANSFER CREDIT

Coursework taken at an institution of higher education in the United States of America which is fully accredited or has been granted candidacy status by Middle States Association of Colleges and Schools/Commission on Higher Education (MSA/CHE); New England Association of Schools and Colleges (NEASC); North Central Association of Colleges and Schools (NCA); Northwest Association of Schools and Colleges (NASC); Southern Association of Colleges and Schools—Commission on Colleges (SACS); Western Association of Schools and Colleges—Accrediting Commission for Senior Colleges (WASC-Sr.); Western Association of Schools and Colleges—Accrediting Commission for Community and Junior Colleges (WASC-Jr.) as designated in Accredited Institutions of Postsecondary Education - Programs/Candidates as published for The Council on Postsecondary Accreditation (COPA) by the American Council on Education will be listed on The University of Akron official academic record. Each course will reflect the course number, title, grade and credit value; no grade-point value will appear on the record and no grade-point average will be calculated for the coursework listed. In addition, the name of the institution will be listed on The University of Akron official academic record as well as the time period during which the courses were taken.

For courses which have been taken at an institution of higher education noted in the reference document above, the dean of the college in which the student intends to obtain the degree will specify which courses listed, other than general studies, will apply toward the degree requirements at the University. This specification will be made at the time the student enters the degree-granting college. The dean of the University College will specify which courses listed will apply toward the general studies requirements when the student enters the University.

APPENDIX TO MINUTES OF UNIVERSITY COUNCIL, 3/11/82

REPORT OF THE UNIVERSITY OF AKRON REPRESENTATIVE TO THE FACULTY ADVISORY COMMITTEE TO THE CHANCELLOR OF THE OHIO BOARD OF REGENTS—Dr. Sherman Vander Ark

Meeting of March 10, 1982

Chancellor Moulton responded to the following topics:

State Budget Situation

Chancellor Moulton spent a major portion of this meeting discussing the financial crisis. He believes that the financial problems will be here for the decade of the 1980's and is concerned that "tough choices" be made in higher education without injury to the total system. FAC was given the strong impression that, as far as Chancellor Moulton's office is concerned, there is a very serious financial crisis in the State of Ohio. Although specific implementation for cuts has not been made, Chancellor Moulton is recommending that institutions consider possibilities for sharing research libraries, campus facilities, and faculties.

Program Review

A draft of the 1982 Master Plan for Higher Education was distributed to FAC members. The Chancellor is sponsoring a public hearing at 1:30 p.m. on Monday, March 22, in the Board of Regents' main conference room, 36th floor, State Office Tower, 30 East Broad Street, Columbus. He welcomes written and oral comments at this meeting.
