COMMENCEMENT EVENTS

All faculty are encouraged to attend the following events connected with the 1982 graduation:

Graduation for the School of Law candidates, Saturday morning, May 22, 1982, at 9 a.m. in Thomas Hall. A reception will follow.

The 29th Annual Joint Army and Air Force ROTC Commissioning, Saturday morning, May 22, 1982, at 11:15 a.m. in the Summit Lounge of the Gardner Student Center, when General Donald R. Keith, Commander of the United States Army's Materiel Development and Readiness Command, will address and commission the cadets.

The 110th Annual Spring Commencement, Sunday afternoon, May 23, 1982, at 2 p.m. in the Coliseum, when all other degree recipients (doctoral, master's, baccalaureate and associate) will hear an address by His Excellency, Adrien Meisch, Ambassador from Luxembourg to the United States.

PROGRAM FOR LAW DAY U.S.A.

The opening event of Law Week 1982, April 26-30, will feature an address by Mr. Stewart Udall, former Congressman and former Secretary of the Interior, who will discuss current national policies on the environment at an open meeting in the West Hilltop, Gardner Student Center at 8 p.m. on Monday, April 26, 1982.

The annual Law Alumni dinner is scheduled for Thursday evening, April 22, at Anthe's Restaurant.

UNIVERSITY RECOGNITION LUNCHEON

The traditional University Recognition Luncheon, in the West Hilltop Room of the Gardner Student Center on Friday, May 7, 1982, at 12:30 p.m., will honor those faculty retiring this year. Those to be recognized are: Mrs. Marian Bauer, Mr. Eugene Benedict, Mr. C. Robert Blankenship, Mr. Allen Boyer, Dr. Ian MacGregor, Dr. Ruth Messenger, Dr. Frederick Moyer, Dr. Isobel Pfeiffer and Dr. William Root. Mrs. Faith Helmick is chairman. Details concerning reservations will be circulated through campus mail.

CHANGE IN NAME

The Board of Trustees has approved the request to change the name of the Department of Mass Media-Communication to the Department of Communication, in the College of Fine and Applied Arts, effective July 1, 1982.

NECROLOGY

The University lost another full-time faculty member with the unexpected death on March 27, 1982 of Dr. Walter H. Heintz, Associate Professor of Physics, following a heart attack. Dr. Heintz was born in Boston and lived in Akron fifteen years. He had earned the B.S. degree from the University of Massachusetts in 1951, and the M.S. in 1961 and Ph.D. in 1962 from Ohio State University. He was in the U.S. Air Force, 1951-57, and then taught at Ohio State from 1960 to 1962. He had been an Assistant Professor of Physics at Clarkson College in New York from 1963 to 1967 when he joined the faculty of The University of Akron as Associate Professor of Physics. He was granted tenure in 1970. Funeral services were held in Akron on March 31. He is survived by his wife and four children. Dr. Heintz was a teacher and colleague highly respected by all his campus associates.

STANDING COMMITTEES FOR 1982-83

The Procedural Committee of University Council invites all faculty members to inform the Senior Vice President and Provost by May 14 of any standing committee on which they would be interested in serving. The Procedural Committee will consider these assignments so that announcement of membership can be made in advance of the fall 1982 semester.

MINUTES OF MEETING OF UNIVERSITY COUNCIL, April 1, 1982

The regular meeting of the University Council was called to order by the President Pro Tempore, Dr. Rita Saslaw, at 3 p.m. on Thursday, April 1, 1982 in Leigh Hall 307. The Chairman of Council, Dr. Noel L. Leathers, was on vacation.

Forty-two of the 74 members of Council were present. Those absent with notice were: Mrs. Ruth Clinefelter, Dean L. DeYoung, Dean J. Dunlap, Dean A. Gent, Dr. D. Gerlach, Dean C. Griffin, Dr. D. J. Guzzetta, Dr. J. Gwinn, Dean R. Hansford, Dean G. Knieter, Dr. N. Leathers, Dr. C. Poston, Dr. L. Roemer, Dr. W. Rogers, Dr. E. Simms, and Dr. J. Watt. Others absent were: Dr. M. Adams, Mr. G. Bandy, Dr. D. Byrne, Mr. A. Cabral, Mrs. J. Chamberlain, Dr. M. Faron, Mrs. M. Gipson, Mr. W. Mendenhall, Mrs. C. Morgan, Mr. J. Moss, Mr. T. Parks, Dr. M. Rainey, Mr. B. Rochford, Dr. R. Scavuzzo, Miss T. Stambaugh and Mr. D. VanDoros.

The Chair called for consideration of the minutes of the March 11, 1982 meeting of University Council as printed in The University of Akron Chronicle of March 22, 1982. There being no additions or corrections, the minutes were approved as circulated.

Dr. Saslaw informed the Council that President Guzzetta was unable to attend the meeting because he was participating in the Ohio College Association spring meeting at Deer Creek State Park. During this session, he was installed as president of the association for 1982-83.

Under "Special Announcements", Dr. Saslaw said there will be a change in the number of collegiate representatives on Council for the 1982-83 year, with the Community and Technical College being entitled to a total of six elected members, with a faculty now numbering 101. With reference to the elections for University Council, Dr. Saslaw called the attention of Council to the fact that although the Bylaws of University Council call for elections in each college to be completed by May 7 of each year, the meeting schedule of Council, on the first Thursday of the month, requires that elections this year be completed earlier. She and Mr. Miller called all the deans and were assured that the elections could be completed by the end of April.

Proceeding with reports of the standing committees, Mr. Miller stated that the Procedural Committee met on Tuesday, March 30, 1982 and approved the agenda for today's meeting of Council. He said he thought Council might be interested in the fact that this was a highly unusual meeting; it is believed that this was only the second time in ten years that a President Pro Tempore (first time for a woman) had presided. (At the regular meeting of the University Council on Thursday, May 15, 1975, Dr. Don Gerlach, President Pro Tempore, presided for Dr. Noel Leathers, who was on a mission abroad.) Mr. Miller reaffirmed Dr. Saslaw's request for the completion of all elections by the end of April. He added that the Procedural Committee invites all faculty members to inform the Senior Vice President and Provost of any standing committees on which they would be interested in serving. A notice will be mailed shortly asking for submission of preferences by May 14, 1982.

Mr. Baldwin, on behalf of Dr. Watt, who was ill, spoke for the Academic Policies, Curriculum and Calendar Committee. He referred to the Committee report dated March 18, 1982, which had been circulated to Council, and said he would ask for consideration of Item 1 - Plus/Minus Grading System and Item 3 - January Degree Conferral before presenting Item 2 - Curriculum Changes.

The Academic Policies, Curriculum and Calendar Committee had reviewed the petition from the Associated Student Government (SB 19-81-82) regarding the abolition of the plus/minus system of grading, and recommended that the University retain the current plus/minus grading system without change. Mr. Baldwin moved approval, and the motion was carried.

MINUTES OF MEETING OF UNIVERSITY COUNCIL, 4/1/82, continued

Mr. Baldwin next moved approval for the Academic Policies, Curriculum and Calendar Committee's recommendation that University Council recommend to the President for consideration by the Board of Trustees, approval of the establishment of an annual January degree conferral for all candidates who have completed requirements during the summer or fall terms and wish to receive their degrees at that time. Such candidates would be awarded their degrees in absentia.

In the ensuing discussion, several questions were raised, including whether students who had received their degrees in January would be permitted to cross the stage at the spring commencement and whether an in absentia fee would be assessed. Mr. Baldwin responded that graduates who had been awarded their degrees in January would not be permitted to participate in the spring commencement. Both Dean Barker and Dean Jenkins felt such a restriction would deprive the students and their families of the privilege of being directly involved in a prestigious academic ceremony, which has meaning to many people. Regarding the imposition of a fee, Mr. Baldwin indicated that he would recommend that no such fee be assessed for those participating in this process. Several people spoke in favor of the January degree conferral; it was noted that this new procedure would not deprive anyone of anything, but would add a feature that might have value for a number of graduates, including some international students. The midyear conferral of degrees would not involve a commencement and its attendant expenses. The Chair observed that the degree candidates should be informed that by accepting the degree in absentia in January they would not be eligible to participate in the commencement exercises. Mr. Baldwin indicated that the application would be reworded to inform students of the options available. Upon the Chair's call for a vote, the motion carried. //

Mr. Baldwin presented the list of candidates (then before Council) dated March 22, 1982 and the addendum dated April 1, 1982 for the May 1982 Commencements and moved approval without addition, pending completion of all requirements, approval by their respective collegiate faculties and approval by the University Board of Trustees at its April 28 meeting, for degrees to be conferred at the May 1982 Commencements. The motion carried.

Mr. Baldwin then presented AS-80-10 from the Department of Sociology and moved approval, explaining that this was a proposal to add a course, Sociological Social Psychology. The Sociology Department felt that the advanced courses in Sociology would be enhanced if the students had a background in the two major foci of the field, i.e., Social Organization and Social Psychology. Students have had to rely on Introduction to Sociology to provide the necessary background for the 17 sociology courses that depend heavily on Social Psychology. Mr. Baldwin said this proposal had first been circulated in 1979, was sent back to the departments in an attempt to resolve objections, without success, and was circulated again in 1980. In March, 1982, it was considered by the Curriculum Subcommittee and the full Academic Policies, Curriculum and Calendar Committee because the objections were still unresolved. It is now being presented to University Council with recommendation for approval. The motion was put to a vote and carried.

(All curriculum changes are included in the Appendix to these minutes.)

Mr. Baldwin moved approval of AS-82-09 from the Department of Physics, which concerned the addition of a new course, 3650:160, Physics in Sports, for 3 credit hours. He explained that this is a course covering the conventional material of elementary physics, but with a sports or athletic activity background. He noted that there were two unresolved objections to this proposal. Mr. Gandee indicated that one of these had been raised by him. The motion was put to a vote and carried.

MINUTES OF MEETING OF UNIVERSITY COUNCIL, 4/1/82, continued

He then moved approval of AS-82-13 from the Departments of Economics, Political Science and Sociology which proposed a change in the requirements for the Graduate Certificate in Public Policy. Mr. Baldwin called attention to Dr. Carl Lieberman's memorandum of February 18, 1982 outlining a possible new admission statement.

Dr. Dye asked how Dr. Lieberman's statement clarifies the language in the original proposal. Mr. Baldwin explained that it is a change in the admission statement to the effect that persons are eligible for admission to the Graduate Certificate in Public Policy if they have been admitted to graduate study as special, nondegree students in the Departments of Economics, Political Science, or Sociology, or are pursuing a master's or doctoral degree in one of those three departments. The proposed change would permit qualified students to enter the program, whether or not they wish to secure a graduate degree.

Dr. Lehrman moved that the language contained in Dr. Lieberman's memorandum dated February 18, 1982 be substituted for the admission statement in proposal AS-82-13. The amendment was seconded.

During a discussion of the necessity of Graduate Council's approving the amendment, Dr. Bee pointed out that if Graduate Council's approval is required, University Council can approve the measure contingent upon approval by Graduate Council. The amendment carried.

Dr. Saslaw then went back to the original motion which was put to a vote and carried, dependent upon approval of Graduate Council. (It was later learned that Graduate Council had approved the proposal with Dr. Lieberman's modification.)

Mr. Baldwin presented AS-82-14 from the Department of Mathematical Sciences representing a curriculum change and changes in degree requirements to become effective with the beginning of Summer, 1982. The motion carried.

Mr. Baldwin moved that BA-82-05 from the College of Business Administration be approved. In answer to a question from the floor, Mr. Baldwin replied that this is a modification in the graduate curriculum in all departments offering graduate programs which lead to the degrees of Master of Business Administration (MBA); Master of Science in Accounting (MSA); Master of Science in Management (MSM), and Master of Taxation (MTax). This proposal modifies each of these degree programs and complies with accreditation standards set forth by the American Assembly of Collegiate Schools of Business.

In answer to a question from Dean Carrino as to when these changes would become effective, Mr. Baldwin indicated fall, 1982 as the date for implementation; students already entered in the program as it now stands can complete their requirements either way, and these are just additional requirements. The motion was approved.

Mr. Baldwin next presented CT-82-02 from the Business and Office Technology Division in the Community and Technical College. This was a proposal to establish a credit union option in the Business Management Technology Program. Mr. Baldwin moved approval and the motion carried.

Also from the Community and Technical College, Mr. Baldwin moved approval of CT-82-09 from the Division of Public Service, Criminal Justice Technology. This Security Administration option would prepare students for entry-level and mid-management level positions in the fields of business and industrial security. The motion carried.

Mr. Baldwin presented ED-82-06 from the College of Education's Department of Physical Education and moved approval, explaining that these changes are included as part of the

MINUTES OF MEETING OF UNIVERSITY COUNCIL, 4/1/82, continued

"Outdoor Education Graduate Program Proposal", which includes the addition of undergraduate/graduate courses, the addition of graduate courses, course number changes, and a proposed graduate program option in outdoor education. The motion carried.

Next, Mr. Baldwin presented ED-82-07 from the College of Education's Department of Counseling and Special Education. The motion to add a two semester hour course, Helping Skills for Resident Assistants, was approved.

Mr. Baldwin presented ED-82-10 from the College of Education, Departments of Elementary and Secondary Education. Dean Barker advised that the program is designed to prepare Spanish-English bilingual teachers, but there is sufficient flexibility in the program to permit the preparation of bilingual teachers who can work with students of other language backgrounds. He said, too, that these courses are designed to meet the requirements of the new Ohio Department of Education certification in Bilingual Multicultural Education, and students may become certified at either the undergraduate or graduate levels for either elementary or secondary school assignments. Mr. Baldwin moved approval and the motion carried.

Mr. Baldwin then moved approval of WG-82-08 Amended from Wayne General and Technical College. The motion carried.

Continuing with standing committee reports, Dean Barker said he had no report from the Athletics Committee at this time, but that he wished to extend his personal thanks to Dr. Ian MacGregor, who had done an outstanding piece of work in the planning and layout of the new Physical Education building. He felt Dr. MacGregor deserved the highest compliment.

Dr. Timmerman, Chairman of the Campus Facilities Planning Committee, had no report.

There was no report from the Faculty Rights and Responsibilities Committee and Dr. Roemer had been excused from attending this Council meeting.

In Mrs. Clinefelter's absence, Dr. William McGucken reported for the Faculty Well-Being Committee. He said since making its last report to Council, the Committee had met twice. They discussed with Mr. Duff and representatives of his office those changes in fringe benefits which Mr. Duff's office will propose for next year. The Committee has been, and continues to be, particularly concerned with insurance coverage for out-patient chemical dependency treatment. The Committee's attention was drawn to this matter by a faculty family who had run up a bill of \$15,000 for such treatment and then discovered to their alarm that insurance paid only a maximum of \$500. It should, however, be noted that in the same case an in-patient hospital bill of some \$45,000 was almost entirely paid for by insurance. It is the philosophy of Mr. Duff's office, which is shared by the Committee, that the faculty should be insured against all potential financial disasters, and the Committee and Mr. Duff are working together on the out-patient situation. In the meantime, the Committee calls upon the faculty to alert it (the Committee) to any other chinks in our generally very good insurance armor.

In Dr. Byrne's absence, there was no report from the Library and Learning Resources Committee.

Dr. Krigline, Chairman of the Reference Committee, said he had no report.

MINUTES OF MEETING OF UNIVERSITY COUNCIL, 4/1/82, continued

Dean Gent was excused from today's Council meeting to fulfill an out-of-town lecturing commitment and had no report to submit since the Research (Faculty Projects) Committee had not met since the March 11 meeting of University Council.

Dean Hansford, speaking for the Student Affairs Committee, had no report.

Dr. Vander Ark, the University's representative on the Faculty Advisory Committee to the Chancellor of the Ohio Board of Regents, was excused, but sent word that the Committee had not met since the March Council meeting.

There being no old or new business, the meeting adjourned at 3:45 p.m.

APPENDIX TO MINUTES OF UNIVERSITY COUNCIL, 4/1/82

CURRICULUM CHANGES

The following curriculum changes, in accordance with the Curricula Change Process adopted by University Council on December 12, 1974, have had final approval by the Senior Vice President and Provost, or through specific vote by University Council, all effective September 198² (unless otherwise noted):

BUCHTEL COLLEGE OF ARTS AND SCIENCES

(AS-80-10)

Add 3850:315 Sociological Social Psychology. 3 credits.
Prerequisite: 100. The reciprocal influence of individuals and groups. How interpersonal processes produce and affect group structure. How groups affect the development and behavior of the social person.

Description	3850:321	<u>Population.</u> 3 credits. Prerequisite: 100 or permission. <u>TO</u> An introduction to world and national population trends, and related demographic and social characteristics. Topics include fertility, mortality, morbidity, migration, abortion, birth control, and population policy in relation to societal problems. Lecture.
Add	3850:336	<u>Sociology of Work and Occupations.</u> 3 credits. Prerequisite: 100 or permission. Survey of theory and empirical research in areas such as the structure of occupations and professions, occupational attainment, workforce characteristics, work values and orientations, and the nature of work. Lecture.
Add	3850:707	<u>Measurement in Sociology.</u> 3 credits. Prerequisite: 706 or permission. Theory and methods of measurement reliability and validity in social data. Topics include estimating reliability and validity, scale and item design, alternative measurement strategies, and measurement models. Seminar.
Add	3850:710	<u>Social Sampling.</u> 3 credits. Prerequisites: 603, 604 or permission. Theory and methods of sampling in sociology. Topics include sample design, sampling efficiency, non-response, mortality in longitudinal designs, urban, organizational, and survey sampling, stratified and cluster sampling. Seminar.

(AS-82-13)

Admission,
 Certificate
 Requirements

Graduate Certificate in Public Policy

Admission: Persons are eligible for admission to the Graduate Certificate in Public Policy if they have been admitted to graduate study as special, non-degree students in the Departments of Economics, Political Science, or Sociology, or are pursuing a master's or doctoral degree in one of those three departments. Students who are pursuing a graduate degree in other departments at The University of Akron may be admitted upon the recommendation of the Head of the department in which they are enrolled.

Certificate: Upon completion of all requirements for the program, participants will be awarded a Certificate in Public Policy from the Graduate School of The University of Akron, and a note of the receipt of this certificate shall be entered on the student's transcript upon request.

Program Revise Mathematical Sciences Graduate Program as follows:

Master of Science - Mathematics

Thesis Option (30 credits of graduate work)

In addition to the core requirements, six to eight credits of 500/600 level mathematical science courses and two to four credits in 3450:699 Thesis Research must be completed.

Non-Thesis Option (33 credits of graduate work)

In addition to the core requirements, 13 credits in 500/600 level mathematical sciences courses must be completed.

Master of Science - Applied Mathematics

Thesis Option (30 credits of graduate work)

In addition, three to five credits in 500/600 level mathematical sciences courses and two to four credits in 3450:699 Thesis Research must be completed.

Non-Thesis Option (33 credits of graduate work)

In addition, ten credits in 500/600 level mathematical sciences courses must be completed.

Master of Science - Statistics

<u>Revise core as follows:</u>	Drop:	3450:610	Matrix Algebra	3 cr.
		3470:650	Adv. Prob & Stoch. Processes	3
	Add:	3470:689	Adv. Top in Stat	3 cr.

Total core to be 19 credits.

Thesis Option (30 credits of graduate work)

In addition, 7 to 9 credits in 500/600 level mathematical sciences courses and 2 to 4 credits in 3450:699 Thesis Research must be completed.

Non-Thesis Option (33 credits of graduate work)

In addition, 14 credits in 500/600 level mathematical sciences courses must be completed.

Study of the physiological mechanisms of reproduction throughout the animal kingdom with special emphasis upon mammalian endocrinological control. Controversial issues in the field will be examined and current research presented.
Prerequisite	3100:112	<u>Principles of Biology</u> . 4 credits. <u>TO</u> Prerequisite: 111
Description	3100:206-207	<u>Human Anatomy and Physiology</u> . 3 credits each. <u>TO</u> Sequential. Structure and function of the human body. Background of high school chemistry and biology recommended.
Prerequisite	3100:428/528	<u>Biology of Behavior</u> . 2 credits. <u>TO</u> Prerequisite: 211, 216 and 217.

Change University Bulletin (1981-83, page 210) to read as follows:

Place double asterisk against 3100:Biolog**

Prerequisites designated by "*" are listed only to ensure that the student has an appropriate background; passing the course does not imply master of the "prerequisite" course.

Change University Bulletin (1981-83, page 138) to read as follows:

Biological Sciences: Master of Science: Thesis Option:

Coursework in addition to the master's research and seminars (must be approved by the student's advisory committee)--24 credits.

Change University Bulletin (1981-83, page 139) to read as follows:

Biological Sciences: Master of Science: Non-thesis Option:

The requirements are the same as the research option except that no thesis and research is undertaken, but a total of 38 credits of approved coursework (including two credits for seminar participation) is required.
